

# what happens next?

## where we are in the **consultation process**

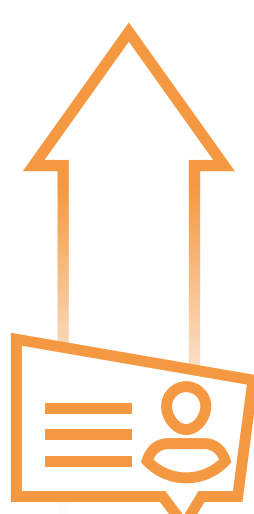

Our consultation process **encourages comments and questions** from the community and local businesses. We hope that as many people as possible will come along and find out more about the project as well as discuss any concerns they may have.

All of the exhibition materials seen here are also available on our website and at document inspection locations in Wisbech and the surrounding area; these include electronic and paper copies of the feedback form so that you can register your views and concerns formally as part of the planning process.

**Rest assured our non-statutory consultation, which started in March, is extended to Autumn 2020.** You have **not** missed the opportunity to raise the issues that are important to you.

**Scan the QR Code to view inspection documents online**

**PROJECT  
DESIGN  
PROCESS**
