

who are MVV?

MVV Environment is part of the MVV Energie group of companies. We provide a sustainable alternative to landfill through energy recovery for publicly and privately-owned waste disposal companies.

The UK business retains the overall group ethos of 'belonging' to the communities we serve, whilst benefiting from over 50 years' experience gained by our German sister companies. We provide solutions for waste reduction, energy generation and recycling.

Find out more about the project by visiting our website

In the UK,
MVV now consists
of **6** separate companies:

1 MVV Environment Baldovie

Diverting **220,000** tonnes per annum of residual waste from landfill for Dundee City and Angus councils

2 MVV Environment Services

The UK electricity and waste trading subsidiary of MVV

3 MVV Environment

The UK development company and core business support functions

4 MVV Environment Ridham

Generating energy from **195,000** tonnes per annum of waste wood that would otherwise be landfilled or exported for energy generation abroad

5 MVV Environment Devonport

Diverting **200,000** tonnes per annum of residual waste from landfill for the South West Devon Waste Partnership as well as **65,000** tonnes per annum of residual waste for private waste disposal companies

6 Medworth CHP Ltd

A subsidiary of MVV Environment, established to deliver the Medworth project. It is this company that will submit the application to the Secretary of State for a Development Consent Order.
