

# the project overview

The UK requires more renewable energy power stations as old, fossil fuel facilities are being decommissioned.

Too much waste is still being sent to landfill or exported overseas, when it could better be used as a fuel to generate electricity and heat here in the UK.

UK-based company **MVV Environment Ltd**, intends to make an application to the Secretary of State for a Development Consent Order to obtain permission for an Energy from Waste Combined Heat and Power facility on the industrial estate at Algores Way, Wisbech, Cambridgeshire.

The proposed Energy from Waste Combined Heat and Power facility will divert over **half a million tonnes of non-recyclable waste from landfill every year**, generating over **50 megawatts of electricity** and offering the opportunity to supply steam to local factories.

The development includes not just the Energy from Waste facility but also the connections to the electricity grid and industrial heat users, and some modifications to the road network.

DIVERTS OVER HALF A MILLION TONNES OF NON-RECYCLABLE WASTE FROM LANDFILL

GENERATES OVER 50 MEGAWATTS OF ELECTRICITY ENOUGH TO POWER 74,000 HOMES

**700** JOBS DURING CONSTRUCTION

**40** FULL TIME JOBS IN A RANGE OF SKILLED ROLES

see inside for details on this non-statutory consultation

PLEASE HELP US TO  
**STOP**  
THE SPREAD  
OF CORONAVIRUS

## public consultation events booking process

Please be assured we will be doing everything possible to keep you, others and our staff safe.

Adhering to social distancing guidelines means controlling the number of people attending our events at any one time. To meet government guidelines, we are providing an online booking system for attending our events. We will also be recording contact details of all attendees for 'Test and Trace'.

For full details of how to book attendance at our events, please visit:

[www.mvv-medworthchp.co.uk/events](http://www.mvv-medworthchp.co.uk/events)

Or call: 01945 232 231

Our team can offer support, or make the booking for you.

### we welcome your feedback

Our preferred method for collecting your comments is through our dedicated project website, however, consultation feedback can also be given through:

Feedback forms\* submitted at exhibitions and via the project Freepost address. Feedback should be addressed to 'Freepost MVV'. Assistance with completing feedback forms will be provided at exhibitions for those who request it.

\*Any personal data received as part of the consultation or as part of the consultation process will be stored and protected as set out in the General Data Protection Regulation. No personal details will be used or published in any materials produced in support of the project.

### contact us

## dealing with waste today for a better tomorrow

EDITION 2: ISSUED SEPT 2020

### NON-STATUTORY public consultation

We would like to invite you to attend our public consultation events on the Medworth Energy from Waste Combined Heat and Power facility project.

Discover how to get involved and where you can find out more.

## NON-STATUTORY public consultation

### MVV's Medworth Energy from Waste Combined Heat and Power facility

MVV recognises the importance of local people and knowledge to any new project and aims to develop a **two-way dialogue** with as wide a range of stakeholders as possible; **we want to understand** the issues that are important to you.

As we could not safely accommodate public exhibitions in March, we have added a second phase of non-statutory consultation, which will start on **18th September 2020** and run until **29th October 2020**.

The purpose of the non-statutory public consultation is to **introduce our proposals and gather feedback**. MVV staff will be available to answer your questions and explain what the project will entail, as well as how new employment opportunities will be created.

Rest assured our non-statutory consultation, which started in March, is extended to Autumn 2020. Our postponed public events are taking place - you have not missed the opportunity to raise the issues that are important to you.

### where we are in the consultation process?

### our consultation events will cover:

- Who are MVV?
- What is Energy from Waste?
- Why here?
- What will it look like?
- What are the potential environmental impacts?
- How will these impacts be assessed?
- What are the benefits in terms of education and employment?
- How can I have my say?

### document inspection venues

In addition, full sets of consultation documents will be available for inspection at the following venues (subject to venue-specific COVID-19 restrictions):

- 📍 **Marshland Hall**, 156-158 Smeeth Rd, Wisbech, PE14 8JB
- 📍 **Oasis Community Centre**, St Michael's Ave, Wisbech, PE13 3NR
- 📍 **Rosmini Centre**, 69a Queens Rd, Wisbech, PE13 2PH
- 📍 **Wisbech Customer Services Centre**, Harbour Square, Boathouse Business Centre, Wisbech, PE13 3BH
- 📍 **Walton Highway Village Club**, Lynn Road, Walton Highway, Wisbech, PE14 7DF
- 📍 **Wisbech Library**, Ely Place, Wisbech, PE13 1EU
- 📍 **Wisbech St Mary Sports and Community Centre**, Beechings Close, Wisbech St Mary, Wisbech, PE13 4SS

## event dates and venues

During this period, we would like to invite you to attend one of our public consultation events, which will be held at a variety of venues in and around Wisbech; these will also be advertised on our website, via local media and at community venues.

Any feedback received, along with ongoing technical work, will be fed into the development of the scheme.

Following this, there will be another public consultation opportunity in the **Spring of 2021**.
